

SUSSEX WEDDING PHOTOGRAPHY
WEDDING STORIES | DARIUS J SUTHERLAND

Profile

Darius is a professional photographer based in Brighton, East Sussex. He has lived in various locations around the UK and travelled the world with his camera. He specializes in a range of photography and photography styles. He brings his fine art style and applies it to his wedding photography. Previously a software developer for 10 years, this has helped him bring a high level of professionalism to his work and communication with clients.

His personal work consisting of fashion, landscape and portrait work can be seen at www.state-of-mind.co.uk (*ctrl+click link to visit*) which only goes to support his ability as a photographer.

Your Day

Your wedding is your special day & we aim to capture all those precious and fleeting moments. Sussex wedding photography has always strived for quality not quantity, a term lost in the new age of digital photography. Each image is handcrafted to bring out the best in every moment captured. A unique blend of fine art and reportage photography.

Our prices are very competitive and the results speak for themselves.

We will provide a pre-wedding consultation to discuss all the necessary requirements.

Our packages are listed below, but please contact us to discuss your needs and requirements, it is your wedding day and we try to be as flexible as possible

FAQ SECTION

What Is Your Style?

I would describe my style as photojournalistic with a mix of fine art photography. Please see the gallery for all images. I process in black and white and colour, depending what suits the image, giving them a unique and interesting feel. The majority of the day is usually unobtrusive, capturing moments from the day without interfering. We also provide an opportunity to capture any formal shots, if requested.

Do you travel?

I am happy to travel, but we do require travel expenses to be paid if outside the Sussex are. This is a standard 40p per mile calculated via google maps

Can we meet with you?

I actually prefer it if you do. Wedding photography is not all about the images. You have to feel comfortable and confident with your photographers. You can arrange a meeting at our Brighton Location.

Do you have insurance?

Yes - I have public liability and professional indemnity insurance.

What equipment do you use?

My main camera is a top of the range Canon 5D MKII . I also use 2 top of the range Canon lenses ideal for all types of light and situations. I have Canon flashes & Elinchrom studio lighting equipment.

How many images do you take?

I do not have a specific amount, but for full coverage I would take around 800 images or more.

How quickly can we see the images?

I aim to get the images into an online private gallery of retouched images no more than 14 days from your wedding day. Albums can take longer to produce, typically 4 to 6 weeks. Albums are delivered directly to your door.

Can we have a CD containing all the images in the wedding album?

Yes. I provide all the retouched images in high resolution for printing and all the remaining images from the day. You have full copyright and can print as many copies as you wish.

Do I require a meal?

No. If you wish to offer me a meal, I would happily accept. I do prefer to sit away from guests to have a quiet moment before continuing to capture your day.

What albums do you offer?

I offer a range of high quality and industry standard albums. Please get in touch to discuss. Albums will depend on your price range and start from around £200 pounds upwards.

Do you provide a DVD slideshow?

Yes - I provide a slideshow for your TV/DVD player with all the retouched images. If possible using music of your choice.

Are there any hidden prices?

No. Everything will be discussed and agreed up front. We provide you with a formal contract. Don't worry, this is more for you than for me. Once a price has been agreed that is it. Any further costs incurred will unfortunately be my responsibility. We have worked hard to make sure everything is as straight forward as possible.
